State WBS Project No.	50217.1.1

Dear Mr. Gruesbeck,

This is to inform you that the NCDOT Division 8 has begun studying the proposed project listed above. A map is attached that shows the location of the proposed project in the Town of Pittsboro, Chatham County.

The proposed project would add a continuous turn lane, bicycle lanes, curb and gutter, and sidewalks along a 1.4 mile stretch of US 15-501. Based on the project scope, it is anticipated that a State Minimum Criteria Checklist will be prepared for this project.

You are invited to attend the Internal Scoping Meeting scheduled for December 6, 2016 from 2:00 p.m. to 4:00 p.m. The meeting will be held in the NCDOT Roadway Design Conference Room, in Building A, Century Center, 1000 Birch Ridge Road in Raleigh.

Attached for your review and comments are the scoping information sheets for the proposed road improvements. We would appreciate any information you might have that would be helpful in evaluating potential environmental impacts of this project.

If you have any questions concerning this project, please contact Jeffrey Teague, PE at (910) 944-2344 or Darren Even, AICP of Atkins at (704) 665-4408.
