Pittsboro Town Board of Commissioners
635 East Street
Pittsboro, NC 27312

Dear Pittsboro Town Board of Commissioners:

I am writing to express interest in filling the vacancy on the Pittsboro ABC Board.

During past service on the Pittsboro Town Board I worked as a liaison to the ABC board after store management problems were discovered. I became familiar with ABC Board operations and the relationship between the local and State ABC Boards, and helped with the transition to new management. From that experience I learned first-hand the necessity of sound oversight of store operations.

In addition, my daily work requires detailed analysis and reporting of financial data. These skills may prove useful to enhance store inventory and sales reports, and perhaps identify opportunities to increase store revenue.

Recent ABC Board management has produced a profitable store. I will welcome the opportunity to continue their good work managing our Pittsboro store as a source of revenue for the Town.

Feel free to contact me directly if you have questions.

Sincerely,

Hugh Harrington
