Pittsboro, NC 27313

RE: *Proposed Medical Office Building II at Chatham Park*

Wastewater Allocation Requests

Dear Mr. Royal:

This letter is an official request on behalf of *Chatham Park* for water and wastewater allocations for two proposed office buildings (Medical Office Building II). These buildings will be 16,750 square feet of office space adjacent to the previously requested MOB I building.

The allocation requested for the MOB II is $25 \text{ GPD/employee/shift} * 80 \text{ employees} * 1 \text{ shift} = 2,000$ gallons per day.

These allocation requests are based on established design flow rates from NCDENR. Additional details related to these projects are, or will, be included in the proposed site plans.

We appreciate your consideration of these requests. For additional information or questions please contact Brian O'Kane, PE at 919-677-2127.

Sincerely,

Brian O'Kane

CC: Bryan Gruesbeck, Town Manager
