- Existing Park
- Future Park*

Proposed Greenways

- Connector
- Haw River Trail
- Moncure Railroad
- Pittsboro Loop
- Robeson Creek
- Proposed Sidepath
- BOE Properties
- CCCC Campus
- State or Federal Land

Future Landuse

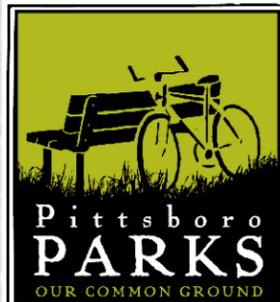

- Park
- Open Space & Conservation

The Pittsboro Loop Greenway is conceptual only but incorporates sections of greenway recommended in the 2009 Pedestrian Plan. The Haw River Trail and Robeson Creek Greenway are identified priority trail corridors.

Properties adjacent to state or federal land make ideal park locations, particularly sites offering paddle access or linkages to regional trails. Parks adjacent to schools can be beneficial if well crafted joint-use agreements are established.

*Future park locations are not limited to the areas shown. Highlighted locations indicate areas of strategic recreational value.

**The location of the proposed aquatic center is indicated on the Chatham County Parks & Recreation Plan.
