RE: Water and Sewer Bill Review

To Whom It May Concern,

We would like to formally contest the water and sewer bill dated from 9/18/13-10/18/13, which is more than double our normal bill. Our average monthly bill over the past year is \$311.29 (I have attached a report). Piedmont Biofuels prides itself on environmental stewardship and conservation and monitors water, electricity, material, fuel and all other utility usage.

There have been no changes during this time period that would cause the water usage to climb this high. Our amenities have been functioning properly, the town has come out to check our meter and it is reported to be in line with our normal billing amount.

Please consider allowing us to be our normal cost. As a small business, it is important for us to keep our overhead manageable.

Thank you for your time.

Sincerely,

McCayne Miller  
Chief Financial Officer
