

## MEMORANDUM

**TO:** Mayor and Board of Commissioners  
**THRU:** Hazen Blodgett, Interim Town Manager  
**FROM:** Kent Jackson, PE, Engineering Director  
**DATE:** October 24, 2022  
**RE:** Update on Granular Activated Carbon (GAC) Advanced Treatment System  
at the Town of Pittsboro Water Filtration Facility

### Summary:

CDM Contractors reached substantial completion for the advanced treatment system at our water filtration facility in August 2022. Recent water quality sampling indicates the new system is working effectively. CDM Smith will give a brief update on the project, water quality results, and future improvement considerations.

### Recommended Action:

No action needed, for information purposes only.
