Hey Kyle , Mayor Perry and the Board of Commissioners of Pittsboro ,

After seeing the presentation at the last board meeting regarding the efforts to enhance the charm and flow of downtown which I think everyone knows we are big fans of we would like to pledge up to a 125 thousand dollars to continue this effort .

We want to make sure the Town of Pittsboro is able to quickly implement some of the recommendations and projects that have been identified thought the community input session and great work done by Theresa and her downtown advisory board .

To that end the above commitment to help sponsor this work which we would provide through a reimbursement structure so the town can go forward at a pace that can allow these improvements to happen in the coming year .

We are looking forward to enhancing our partnership to make the downtown become the very best it can be through this pledge and we are standing by to help in other ways as we move forward together .

Sincerely

Tim Smith
