ANALYSIS: The following staff analysis is structured to address the information that should be considered for a map amendment.
1. **Suitability of proposed land use designation.**

   Traditional Neighborhood describes existing neighborhoods in Pittsboro that are primarily residential but also include a mix of other uses. The density of development in these traditional neighborhoods is typically less than that found in the Town Center, but higher than that found in the medium density residential category.

2. **Availability of public facilities.**

   Public facilities and services rendered by the Town of Pittsboro, water and wastewater, are available to the property.

3. **Population change.**

   It is unknown what the impact of this amendment has on future population.

4. **Transportation patterns.**

   It is likely that there will be little to no change in transportation patterns as a result of this proposed change.

**PUBLIC HEARING NOTES:**

A Public Hearing was held on October 24th. Three citizens spoke at the hearing, one in favor of the amendment and two opposed.

**PLANNING BOARD RECOMMENDATION**

Planning Board considered this amendment at their meeting on November 7, 2016 and in a 4-0 vote recommended to Approve. The vote for the request thought that the amendment was reasonable considering the potential benefits to the development to the Town of Pittsboro.

**STAFF RECOMMENDATION:**

Staff Recommends approval of the proposed amendment, as the proposed amendment is consistent with the Character Goal of the Land Use Plan. Changing the designation to Traditional Neighborhood would preserve the character of the Town as it grows. Maintain Pittsboro’s community character, enhance quality of life, and protect existing neighborhoods.
